WORK CUT OUT FOR US

The acquisition of rights to some beautiful property right in the heart of town for the purpose of constructing a city park, makes it mandatory that we get busy immediately and do something about it.

The land is centrally located and can be made into a playground area that will make life more enjoyable for every resident of Tabor City. First we have got to have an old fashioned "working" and turn out in numbers sufficient to clear away every unneeded obstacle. Then we have to get busy providing benches, picnic tables, some open furnaces and an assortment of safe playground equipment. All of which will take time and will take some money but with the help of every civic club in Tabor City and the active cooperation of every public-spirited citizen, we can do it.

Time is of the essence in the project. As you know, this park project is one of our "Finer Carolina" objectives, and we have only until October 31 to complete it, if we wish to even be in the running for a Carolina Power and Light Company Cash prize. Even with it complete, we might not be in the running for reward money, but we will have done a great deal toward improving Tabor City since the contest started. That was the original purpose of the contest, and in that we have succeeded. Any gain from prize winning will be like ice cream on a piece of pie that was already delicious without the ice cream.

The efforts of the committee composed of Buell Lanier, American Legion; Joe Spivey, Veterans of Foreign Wars; and John Dorman, of the Civitan Club, in securing rights to the property should not go unappreciated. They deserve your best handshake. Others helped also but above all the committee rates recognition for a job well done.

From here on out, it's up to every club to do its share and to leave no stone unturned until children and grown-ups alike are enjoying that recreational facilities that can be ours for the asking, plus a little work spread among a lot of people. This park is something we have been sorely needing. Recreation here has long been at a bare minimum. Matter of fact we can't even have two theatres any more it doesn't seem like. Let's make the most of the situation that now confronts us and get real busy with making the park area a spot of beauty in Tabor City and at the same time a safe and sane place for all of us to play and relax.

Think it over.

OUR DEMOCRACY — by Mat

CONSTITUTION DAY SEPTEMBER 17

"THE AMERICAN CONSTITUTION RANKS ABOVE EVERY OTHER WRITTEN CONSTITUTION IN ITS ADAPTATION TO CIRCUMSTANCES, ITS SIMPLICITY, BREVITY AND PRECISION, ITS MIXTURE OF DEFINITENESS IN PRINCIPLE WITH ELASTICITY OF DETAIL."
— JAMES BRYCE

AFTER 165 YEARS, THE CONSTITUTION FRAMED FOR A NATION OF 4 MILLION PEOPLE, SERVES, WITH LITTLE BASIC CHANGE, TO PRESERVE OUR FREEDOM AND TO GUIDE US IN DIRECTING THE DESTINY OF A WORLD POWER WITH A POPULATION OF MORE THAN 150 MILLION.

WHAT BRYCE WROTE, MORE THAN FIFTY YEARS AGO, IN HIS "AMERICAN COMMONWEALTH," IS TRUE TODAY — AND, IF WE PROTECT ITS PRINCIPLES AND PRESERVE ITS SPIRIT, WILL BE TRUE TOMORROW.

CARTER'S COLUMN

By W. Horace Carter

You know, we don't often realize it but the nearness of Tabor City to the Atlantic Ocean is a pretty big factor in our seeking industrial development here. People in the Northern area who are moving South with industry are all bringing some supervisory help with them and almost all of them are looking for a place where recreation is not too difficult to find.

This was brought to mind very vividly last Tuesday when Carl Brubaker, production manager for the proposed shirt and pajama plant here, visited in Tabor City

with an eye peeled for things that he might tell his wife and family about Tabor City that would get her in a notion to leave their Pennsylvania home of long standing and come to a totally new part of the county.

Brubaker looked over the residential area, took snapshots of the school, which he liked very much, took a shot of each of the churches in town, another shot of our main street of which he was not overly impressed, and that was about it.

He didn't seem to have been very much sold on Tabor City un-

til we carried him to Ocean Drive Beach, and we drove down four or five miles of that beautiful strand at low tide. Brubaker liked that, and he liked the fact that Tabor City was located less than 30 miles from this ocean area. He pointed out how he had to drive 120 miles to get to the beach now and how his family really liked to swim and fish.

Thus the nearness of the beaches could play an important part in whether we get the new industry or not. If Mrs. Brubaker, who has never lived here, likes the way the main street looks, the way the churches and school looks, and if her husband can tell her of the excellence of the beaches, perhaps she can be enticed to pack up and come South.

And, of course, we always feel that once here you learn to like the town and people, get the sand in your shoes and become a permanent fixture.

IDEAS FOR WOMEN

Hello:

Let's look at some pointers on pressure cooking meats:

1. Pressure cook only those meats which are suitable for moist heat cooking—such as pot roast, swiss steak, meat balls, short ribs, pork chops, pork shoulder steaks.
2. Do not pressure cook meats, which require dry heat, such as rib roast, ham slice, T-bone steak.
3. Before cooking any meats (except smoked and cured meats) brown slowly in hot fat.
4. Place all meats, except those used in soups and stews, on a rack in the pressure cooker. This prevents a water cooked flavor.
5. For a browner exterior, after pressure cooking, place meat in a hot oven (400-450 degree F.) or under the broiler for a few minutes.

The sweet potato is one of North Carolina's most versatile crops. It is rich in vitamins A and C; its vines make silage and roots are used as dairy feed supplement.

New dewberry varieties in the Sandhills may help North Carolina regain its position as the No. 1 Eastern state in the production of this berry.

Agricultural workers from 20 countries spent a week in North Carolina during the Southern Grasslands Tour, held in connection with the Sixth International Grassland Congress.

A SMILE

A smile cost nothing.
A smile may be of great value.
A smile does not impoverish those who give it.
A smile happens in a flash.
A smile may change a life.
A smile may help the rich.
A smile may enrich the poor.

A smile may create happiness.
A smile may foster good will.
A smile may drive away the gloom.
A smile may give hope to the hopeless.
A smile may encourage the discouraged.
A smile may rest the weary.
A smile may lift a burden.
A smile may dispel darkness.
A smile takes away nothing of value.
A smile may live in memory forever.
